

THE ELBA CLIPPER

Volume 51

ELBA, ALABAMA, THURSDAY, JUNE 26, 1947

NUMBER 3

ALABAMA CITIES REAP \$4,500,000 IN LIQUOR TAX

Montgomery — Cities and towns, small and large, throughout Alabama were made \$4,500,000 richer during 1946 by liquor store profits.

The ABC Board has announced that the above named money was distributed to the municipalities from liquor and beer profits.

One of the unique features about the ABC law is that counties do not have to be in the "wet" column to reap these profits; hence the driest of counties receive in proportion to population just as much revenue as do the wet counties.

The incorporated municipalities receive 20 per cent of the profits from the first \$2,000,000 ABC revenue, and profits above that figure are distributed on a similar, but slightly different basis.

USMS TO LEND SHIP TO STATE

Montgomery—The U. S. Maritime Commission has agreed to loan the State of Alabama an army transport to be used as a floating show place for Alabama products.

The ship will be equipped with displays of hundreds of choice manufactured and raw products originating in the state. It will sail around Central and South America, calling on all leading ports where local business groups will view the displays. The ship, in truth, will be a floating fair with one main goal: to get millions of dollars in new trade for the State of Alabama.

The ship will be outfitted and equipped at the State Docks in Mobile.

Folsom Unable To Take Navy Cruise

Montgomery — Governor James E. Folsom has informed the Navy Department that he will be unable to take the ocean voyage to Hawaii next month on the battleship, USS Iowa.

The Navy had invited the governors of the 48 states to be its guests for the trip which was to begin immediately after the governors meet in Salt Lake City, Utah from July 13-16.

Folsom stated that he could not afford to be away from the state for such a length of time especially so when the legislature is in session.

ELBA LOSES TO BROCKTON; PLAY ARITON TODAY

Elba suffered a let-down after playing three fine ball games and lost a game to the New Brockton nine last Thursday by the score of 10 to 0. Elba played loose ball in the field and failed to produce at the plate. It was their second loss of the season. They still remain at the top of the league with seven wins and two losses.

The schedule this week calls for a game here today with Arton and a double-header Sunday in Luverne. Elba won a double-header from Luverne here last Thursday and Luverne is expected to be out for revenge. The all-star game will be played July 23. If Elba remains in top position after Sunday's game the game will be played here.

Snow Bather Hits 105 Mark Until ten years ago, Mrs. Mary Taylor, of Red Mount, Wis., took a snow bath daily in the winter. She recently celebrated her one hundred and fifth birthday.

FEED, MANAGE RIGHT TO MISS MILK SLUMP

Summer milk slumps won't aid dairy herds that get ample feed and good management.

These unusual July and August slumps are avoided or reduced by farmers who plan ahead, says C. E. Teague, API extension dairyman.

Keeping production up is important for both commercial dairymen and one-cow owners. Turn cows on kudzu, sericea alfalfa or other grazing crops for two or three hours each night and morning. Teague. Sudan grass may be sown for summer and fall, if other grazing crops are not available.

Now permanent pastures to control weeds and to keep grass tended and palatable. If grazing crops and pastures are short, feed cows legume hay and more grain. Teague says that convenient shade and plenty of clean, fresh water for cows at all times help production.

LIST SAFETY HAZARDS TO AVOID ACCIDENTS

Families who list safety hazards found on their farms can usually correct or avoid these hazards to save themselves possible grief.

P. O. Davis, director of the State Extension Service, believes that such a list is especially timely since the National Safety Week will be observed July 20-26.

A check list, says Davis, should cover hazards in the home and on the farm, and include ways that fires, falls, injuries from machines and animals, and other accidents might occur.

Recent studies show that roses cut in the late afternoon about 5 o'clock, keep longer than those cut in the early morning. This is probably because leaves and stems have more carbohydrates at the end of a sunny day.

STATE COLLECTS 6 MILLION IN GAS TAXES IN 1946

Birmingham — Motorists in Alabama paid \$6,214,000 for gas taxes during 1946 as compared with \$5,499,000 during the preceding year, Ed D. Henley, Director Alabama Motorists Association reported today.

On the basis of figures supplied by AAA national headquarters in Washington, D. C., Mr. Henley said that the total motor fuel tax collections by the forty-eight states and the District of Columbia reached a total of \$1,038,665,000 during the year as compared with \$778,662,000 during 1945.

"State gas tax collections were at an all-time high last year," the AAA official said, "even topping the pre-war record established in 1941. Gas tax increases voted by several state legislatures this year, together with the prospect of continued high vehicle mileage, indicate that the motorists will be forced to pay an even higher annual bill for their use of this heavily taxed commodity."

AMA Director Henley pointed out that these figures applied only to state gas tax collections and were in addition to the taxes on motor fuel by the Federal Government and some local units of government.

KILBY FARMS SELLS 44 GUERNSEYS AT PUBLIC AUCTION

Montgomery — Farmers from all over Alabama gathered at the Kilby Farm Dairy here today and paid \$6,015 for 44 registered Guernsey auctioneers by Tom McGord in Kilby's annual sale of surplus Guernseys.

A major feature of the sale was a real pit barbecue dinner served to more than 800 people, including both houses of the Legislature which recessed three hours for the occasion.

Top price at the sale was brought by Kilby's Pinnacle, a nine-months old male and sold to W. J. Held, Mobile, route for \$810. Mr. Held also bought three six-months heifers for a total of \$445.

L. D. Foshee of Red Level, Ala., bought five young males, but the majority of the cattle sold in ones and twos to small scale farmers who are attempting to build up the quality of their herds.

Frank Boswell, Director of Alabama's Department of Corrections and Institutions, under which Kilby Dairy Farm is operated, stated that he was especially happy to have the cattle sold to farmers who came from 25 different counties, and pointed out that the registered 24 males which were sold will be a great help in building up the quality of many herds throughout these counties.

FOLSOM SIGNS 1ST BILL INTO LAW

Montgomery — Without a fanfare of popping, flashbulbs and the passing out of souvenir pens, Governor James E. Folsom signed into law his first batch of bills Thursday morning June 19.

Governor Folsom, in signing House Bill 109, said, "I am especially happy that the first bill I am making into law is a pension bill."

The bill raised the pension of Confederate veterans from \$100 to \$150 per month and that of Confederate veteran's widows from \$40 to \$50 monthly.

Spring Gets Man

Police searched the home of John Adams, in Atlanta, seeking to arrest him on a charge of assault.

Mrs. Adams, in bed, said her husband was not at home. She turned on one side, and a howl of pain came from under the bed.

Officers found Adams, his nose pinched in the bed springs.

Schedule for Board Of Registrars

The Board of registrars of Coffee County will be in session the following dates, Monday, July 7, at Elba court house, Enterprise courthouse July 8, 9, and 10 till noon.

Elba court house July 10 p. m. and all day Friday July 11.

\$335,000 ESCAPED TAXES FLOW INTO STATE TREASURY

Montgomery — A total of \$335,000 in uncollected taxes flowed into the state treasury by taxpayers who filed faulty state income tax returns, it is reported by Commissioner of Revenue, Russell H. Hamm.

When Hamm took office with the Folsom administration, he began a clean-up campaign to collect an estimated \$1,000,000 in escape in state income taxes for each of the years 1945 and 1946. His tax specialists, Russell H. Hamm, went to Washington and checked 41,000 1945 federal returns and then rechecked these amounts against the listings on state returns. It was in these discrepancies that wholesale tax evasions were discovered.

Hungerford is now in Birmingham checking the 1946 returns which are still on file in the revenue department there. Hamm stated that it now looks as if his original estimate of \$1,000,000 in anticipated collections may be even doubled since voluntary returns are coming in every day. Already \$85,000 has been sent in on the voluntary basis alone.

Accountants in every section of the state have been requested by Hamm to submit returns by July 15. He received most of his experience as an electrician in the Navy for six years.

They have secured the services of Lake Simmons, colored, who is an experienced plumber. Both John and Ferrill invite their friends to call on them for their installation or repair.

Bulldozer May Aid In Locating Capt. Kidd Treasure

ELBA LIONS CLUB INSTALLS NEW OFFICERS TUE.

The Elba Lions Club brought the year's business to a close at its meeting Tuesday night. Retiring president, Tommy Thompson, gave a review of the accomplishments of the year, the major of which was the raising of money to purchase band instruments.

The new officers elected last month were installed. As a token of appreciation for their work the club presented the retiring officers with a gold club pin and gave President Thompson a fountain pen.

New officers are: President, Eric Paul; First Vice President, J. M. Kimmye; Second Vice President, Robert Cooper; Third Vice President, Mayo Prescott; Secretary, Sonny Inman; Directors, Charles Lindsey and A. C. Dunaway.

Retiring officers are: President, K. D. Thomsom; First Vice President, H. Jeter; Third Vice President, Price Rinego (deceased); Secretary, Sonny Inman; Directors, Fulton Clark, and James Wise.

YOUNG BROTHERS OPEN ELECTRICAL REPAIR SERVICE

Ferrill and John Young announce this week that they are opening a new business located with Auto Parts and Supply Co. They plan to do all kinds of electrical installation, wiring and repairs.

Ferrill who will be in charge of the electrical department has been connected with Auto Parts and Supply for the past few months. He received most of his experience as an electrician in the Navy for six years.

They have secured the services of Lake Simmons, colored, who is an experienced plumber. Both John and Ferrill invite their friends to call on them for their installation or repair.

State Health Officer Supports Bill For Hospitals

Montgomery—Dr. D. G. Gill, State Health Officer, announced his full support for quick passage of the Larkins-Hornsbay Lamberth bill which will enable the counties to build and equip hospitals on the same basis as they now construct highways.

The bill provides for appropriating \$4,000,000 to the State Health Board to be used for planning and constructing state owned and other public and non-profit hospitals in Alabama.

Dr. Gill commented that there is an urgent need for 5,000 hospital beds in Alabama, twice the present number. He stated too that as of 1945 there were 25 Alabama counties which had no hospital facilities whatsoever.

Dr. Gill commented that there is an urgent need for 5,000 hospital beds in Alabama, twice the present number. He stated too that as of 1945 there were 25 Alabama counties which had no hospital facilities whatsoever.

Army Bans Shipment Of Cigarettes To Men Stationed Overseas

In a strong move to wipe out the black market trading in American cigarettes and tobacco, a ban was imposed on and after May 26, at the request of the War Department on the mailing or shipment of these commodities to Germany through Army Post Offices, the international mails or commercial channels.

It was emphasized that the allowable purchase of cigarettes and other tobacco products at Army Post Exchanges is sufficient to meet the normal individual needs of American military personnel and authorized civilians in Germany, and that any surplus of such items entering the country would interfere with the black market.

An appeal was made to the general public to cooperate in this move to help stabilize the German economy. Friends and relatives of military and civilian personnel serving in the occupied zone were asked to discontinue the mailing of tobacco products in gift packages. Those sending such packages to APOs in Germany or to German residents through international mails will be asked to declare the restricted items and will be asked to remove them before packages can be placed in the mails.

A L AID REQUESTED IN EFFORT TO STOP COMMUNISM

The following letter was received by Louis Inman, Post Commander, Culver Post 42, American Legion. While it is directed to Legion members only, it takes up a problem that concerns us all.

Hon. Louis T. Inman, Post Commander, Culver 42, The American Legion Dear Comrade:

As individuals and as a group, Legionnaires have always been in the forefront of the fight to preserve the American Democracy from the inroads of Communism. As an officer of your local Legion Post, I think you may be interested in some recent happenings in Washington of import on this subject.

When the FBI Chief, J. Edgar Hoover, recently appeared before the House Appropriations Committee, he stated the Communist threat to our government was growing day by day. Mr. Hoover pointed out that there are in the United States today, in a population of 140,000,000 a total of 74,000 admitted Communists. The FBI head declared that in Russia in 1917 when the Bolsheviks overthrew the government, there was only one Communist to every 2,277 persons. In the United States today, there is one Communist to every 1,814 persons. Further, Mr. Hoover added, the Communists have penetrated every field of activity in our land of freedom, the motion-picture industry, radio and newspaper fields, and in overwhelming numbers, labor unions.

In his testimony, Mr. Hoover, in my estimation, isolated the greatest peril facing us at this hour when he said, and I quote: "If we were dealing only with the individual members of the party we would have a problem, but not as difficult a problem as we are faced with when we have at least for every member of the party 10 other individuals who are ready to do the party's work. They are fellow travelers. They may not have a party card and they may not belong to the party but they are communistic sympathizers."

These are the words of the head of our nation's Federal Bureau of Investigation. He speaks as a man in authority with a true knowledge of the secret movements and speaking tactics of a group who boast of their intent to overthrow our Democratic form of government. A booklet, "Communism in Action" prepared by the Library of Congress, further details Communist activity in the United States. It seems to me that now as never before, we Legionnaires should concentrate a barrage of action and thought to curb Communism in the interest of shielding our present Democratic form of government.

Sincerely your friend, George Andrews

Alabama Power Co. Building Huge Gadsden Plant

Gadsden—One of the largest industrial undertakings in the state's recent years of development was started last week when work began on the vast Alabama Power Co. plant in Gadsden.

The \$12,000,000 steam plant site is situated on the banks of the Coosa River.

Thomas W. Martin, president of the Alabama Power Company said that the project is part of the largest utility program ever designed by the company, a program which will ultimately cost \$50,000,000. It was built in Gadsden, Martin said, to provide ample power sufficient enough to keep pace of the fast growing industrial development.

The escapes were listed by the Army as "desperados" and had stolen arms and an automobile after their break. One of the men was serving a 35-year term and the other a life sentence.

Simmons and his buddy picked them up on a highway near Camp Kilmer after the car they had stolen broke down. The MP's made the capture by appearing to be ordinary motorists offering the hitch-hiking desperados a ride.

The Daily News story accompanying the picture quoted the prisoners as saying that "if we had known they were MPs there would have been a gun fight."

—The Dothan Eagle

Good Follows Bad Generally a bad year is followed by a good one in pecan production, according to horticultural experts.

Prevent Winter Falls Sprinkle salt generously on icy walks or mix salt with sand, gravel or cinders to prevent winter falls.

MARINES MAY BE ABSORBED IN ARMY

"From the Halls of Montezuma" is the opening line of the gallant Marine Hymn. And the closing line may soon be written, "To the Steps on Capitol Hill," citing a pathetic "finis" to the famous Corps.

The Marines are now engaged in a desperate battle for survival. Drew Pearson recently reported Brig. Gen. Frank Armstrong as saying: "... as for the Marines, you know what the Marines are? They are a small, folded-up army talking Navy lingo. We are going to put those Marines in the Regular Army, and make efficient soldiers out of them."

General A. A. Vandegrift has asked that the status of the Marine Corps be spelled out in the merger bill.

The best argument for the retention of the Corps is not only in their brilliant record for the past 172 years, but rather in their immensely valuable sphere in this atomic age of specialization in warfare. This highly important sea-going and flying corps of top-grade fighting men is a mighty cog in our nation's defense. And the Marines have already launched their atomic warfare program.

TODAY'S TREND

How—funeral services that best represent the trend of modern times—fine technical craftsmanship and refined dignity of service—are available at prices thoroughly in keeping with the equally modern trend for staying sensibly within the individual income range.

ELBA, ALABAMA

SHORT STORY

Nice Old Girl

By MARGARET COBB

WHEN Sally Carter spied the crisp green of the bill lying against the white of the sidewalk that bordered the engineering building, she dropped the handle of the baby carriage and swooped down upon it.

"Look, Richey, look!" she cried happily to the cheerful bright-eyed boy in the carriage. "A ten-dollar bill—a real, brand new ten-dollar bill. I found it myself, and I can spend it any way I please!"

"I'm going to get you a play pen, so you can stay out in the fresh air all day long and have plenty of room to wiggle around in," she said, holding the bill up to him. "I'll get Daddy that pipe he wants, and maybe there'll be enough money left over to get me some dress material!"

Speeding joyfully across the campus toward town, her hand straying often to the money in her pocket, Sally suddenly slowed her pace, her face sober.

"Oh, dear," she thought, "I've been so happy about having some money, I've even said that it belongs to someone else. Oh, dear!"

PARKING the carriage at the door to the engineering building, she entered, hesitated a moment outside, and then, the secretary looked up as Sally laid the bill on the desk.

"I found this outside the building, Miss Hanson, so I guess it belongs to someone in here," she said, handing the bill to the secretary. "Wait a minute, Mrs. Carter," the older woman called. "You may as well keep it. I don't see how we can ever find out who it belongs to. 'Finders keepers', you know. Now you just run along downtown and see what you can find to buy."

"Do her good to have some money all her own," Miss Hanson muttered as the door closed. "Of course I should have held it a day or two in case anyone asked about it, but that child probably hasn't had a dollar to spend as she likes since Richard entered here!"

In mid-afternoon, about the time Sally was unwrapping her new purchases at home, Richard Carter was frantically going through his pockets.

"I know I brought it with me," he muttered as he searched the pocket after another. "Good grief, what'll I do? It's all the money we had left for the rest of the month—a nice new ten-dollar bill. I must have dropped it when I opened my billfold sometime today."

A MOMENT later, as he was explaining his plight to the secretary, he was relieved to see a quick look of comprehension in her eyes. "You haven't had it turned in, have you?" he asked hopefully.

"Why, yes," she replied slowly. "I have. At least, a young lady gave me a ten-dollar bill this morning and told me she'd found it outside. It must have been yours. Wait a minute, I put it in my pocketbook for safekeeping."

Reaching into a drawer in the desk, Miss Hanson pulled out a well-worn black bag. After a moment's search she found a bill, tucked away with several one-dollar ones, that was crisp and new and had the numeral "10" in its corner. "Here it is," she said, handing it over with a smile.

The boy took the money with a grateful grin. "Well, thank goodness—we can eat for the rest of the month, anyway," he said as he left the office. "Thanks a million, Miss Hanson!"

"Advance-Design" Chevrolet Trucks Make Bow

The trucks that will bring true postwar design to the highways of America, Chevrolet's new "Advance-Design" line of commercial vehicles, will be introduced to the trucking industry June 28 by Chevrolet dealers across the country. Incorporating a variety of new features that assure greater operating efficiency, load-carrying ability, and highway safety, the new trucks are to be more rugged and durable than ever before. First units were built in Chevrolet's Janesville (Wis.) assembly plant, and were appropriately hailed. Here the "Queen of America's Dairyland," Miss Betty Gene Gardner, Ridge, Wis., christens the new vehicle as Gov. Oscar R. W. Podewski, Janesville plant manager, look on.

The Advance-Design line of Chevrolet trucks and commercial cars will be shown to the public June 28 in Elba. It was announced today by Mr. Sam Rowe of Dorsey Bros. Chevrolet, Inc.

"All over the nation on that day, Chevrolet dealers will be exhibiting the new trucks," he said. "We are having a special showing in Elba and cordially invite truck owners, fleet operators and others interested in trucks to visit our showrooms. Advance information on the trucks indicates that the line will be the most comprehensive in the history of Chevrolet and will feature driver comforts and conveniences not heretofore available in motor trucks."

"For the first time in the history of the automotive industry a truck has been designed which has as a basic concept the comfort and safety of the driver," Mr. Rowe said. "We predict that the result will have the complete endorsement of truck owners and drivers."

Re-styled and precision engineered, the Advance-Design trucks provide an efficient, dependable, safe and low cost unit for practically every type hauling and transportation requirement.

The truck will be displayed at Dorsey Bros. Chevrolet, Inc. the 28 of June. Trained truck men will be on hand to explain the features of the vehicles.

A pinch of salt in the starch will help keep starched clothes from sticking to the iron. If the iron sticks during ironing, rub it on a little salt sprinkled on paper or smooth lightly with paraffin or beeswax.

Does Stomach Gas and Bloat Make You Feel Miserable?

If so here is how you may get blessed relief in freeing your stomach from that burning distress. It works this way. Everytime food enters the stomach a little gastric juice must be secreted to break-up certain food particles; else the food may ferment, sour, and indigestion and gas frequently cause a more list, toasty, flatulent, nervous, nervous condition, loss of appetite, indigestion, and other ailments. The most effective way to increase the flow of this vital gastric juice. Medi-cation, however, is not the answer. The reason is that the stomach must increase its own gastric juice. SSS Tonic is immediately effective in increasing this flow when it is too little or scanty due to a non-organic stomach disturbance. This is why SSS Tonic is so effective. It contains a special and potent vitamin which helps build-up normal gastric juice, watery blood in nutrition, and thus helps the good flow of this gastric digestive juice. Plus rich red blood building, better sleep, better rest, better work, better play, better health.

Avoid stimulating yourself with overdoses of soda and other alkalis to contract gas and bloat. When you feel you so badly need it, SSS Tonic to help you digest food for body strength and repair. Don't wait until the first of the month. SSS Tonic has helped millions of people. Get a bottle of SSS Tonic from your drug store today. See how it can help you feel better.

Save Your Peanuts! By Controlling Leafspot

To insure maximum yield of quality peanuts and hay you must protect your crop against Leafspot. This can be done most effectively by dusting with sulphur or copper-sulphur.

We have a good supply of these dusts and can furnish dusts, either mule drawn or tractor drawn for any make tractors.

Come by and let us show you how to increase your peanut yield.

We also have several kinds of Potato Bug and Bean Bug Poison. Keep a supply on hand and kill the bugs before they eat your vegetables.

MISS RHODES ENTERTAINS MISS FLEMING

A lovely pre-nuptial party was given by Miss Jean Rhodes at her home Saturday afternoon when she entertained in honor of Miss Elizabeth Fleming.

A profusion of cut flowers and potted plants were used in the house decoration, carrying out the bridal colors, green and white.

The dining table was overlaid with a beautiful Irish linen cloth and the central decoration was a crystal bowl of shasta daisies. Delicious refreshments were served to: Miss Elizabeth Fleming, Mrs. Russell Baxley, Mrs. Frank Purdie, Mrs. L. A. Boyd, II, Mrs. Robert Stevens, Mrs. Joe Morrow Prescott, Mrs. Willard Martin, Mrs. Carl Clavson, Misses Claudine and Genette Fleming, Betty Allred and the hostess.

Mrs. Joe Brooks, of Port St. Joe, Fla., is in Elba this week visiting her parents, Mr. and Mrs. L. P. Mullins and Mr. and Mrs. D. J. Brooks.

Mr. and Mrs. Frank Crager and son, Frank, Jr., of St. Louis spent last week in Elba visiting Mrs. Crager's grandmother, Mrs. Emma Bryan and her uncle and aunt, Mr. and Mrs. Dozier Bryan.

Mr. and Mrs. Ed Gibbs Hitchcock and children, Sandra and Jack, of Birmingham, visited Mrs. Hitchcock's uncle and aunt, Mr. and Mrs. J. A. Carnley, last week.

Mr. and Mrs. J. D. Whitman, of Enterprise, spent Sunday in Elba with Mrs. Purvis' parents, Judge and Mrs. J. A. Carnley.

Little Misses Olive and Nancy Carnley, daughters of Mr. and Mrs. Fleetwood Carnley, are spending this week in Montgomery, guests of Gov. Folsom and family.

Mrs. O. Dowling, Mr. and Mrs. Robert Stevens, Billie Rowe, Miss Mary Oswell Dowling and her guest, Miss Betty Jo Stew, Panama City Sunday. All the party returned Sunday night except Mary Oswell and Betty Jo, who stayed over for several days at Sunnyside.

Announcements

REVIVAL AT BLUFF SPRINGS
The revival at Bluff Springs Church will start July 12. Preaching will be done by Rev. J. W. Sanders. Services will start at 11:00 a. m. and 7:30 p. m. You are cordially invited to attend these services.

CEMETARY WORKING

There will be a cemetery working at Bluff Springs Church Thursday July 3.

MEMORIAL SINGING

The Woodland Grove Memorial singing has been changed from July 23 to July 4. We invite all lovers of Sacred Harp Music to come and bring their books.

CEMETARY WORKING

There will be a cemetery working at Bradshaw Church Friday morning June 27. We urge all who are interested to come early for there is a lot of work to be done. Bring your tools to work with.

CEMETARY WORKING

There will be a cemetery working at Bethlehem Church, seven miles south of Elba, on Wednesday before the first Sunday in July. All interested in the upkeep of this cemetery are requested to come and bring the necessary tools to work with.

**IF YOU NEED
GLASSES**
It Will Pay You to Wait For
BARSON!

After all, it's the examination that counts. Correct, scientific examination of your eyes is the ONLY way to determine whether or not you need glasses. My knowledge in fitting glasses, gained through years of practice, has given me a State-wide reputation. Among your relatives and acquaintances you will find somebody who will tell you how satisfactory my work is. Because I specialize in this work only—scientific examination and proper fitting of glasses—you are assured of complete satisfaction. Dr. S. A. Barson, Optometrist, will be in Elba the first Wednesday all day and the third Sunday afternoon of each month. In his Montgomery office, 402 First National Bank Building, on Thursdays, Fridays and Saturdays.

Barber Invites Theives To Use Key

For four consecutive Sundays thieves broke into the barber shop of Paul Long, in Jersey City, N. J. Although little was taken—several dollars and some shaving equipment—Long is getting fed up with the robberies. So he put the following sign on the doors:

"If there's anything you want in this store, please do not break the door. Call Delaware 3-0033, and I will gladly give you the key."

Mrs. H. I. Boland received a telegram stating that Mrs. Mattie Driver, of Ft. Wayne, Ind., died Friday. Mrs. Driver is the sister of Mr. Boland and lived in Elba most of her life. The passing brings grief to a host of friends she left here when she moved away.

BLUFF SPRINGS SING

The Bluff Springs Memorial singing will be held Sunday, July 6. All singers of this community are urged to attend.

VACATION BIBLE SCHOOL

The Vacation Bible School for the Bluff Springs Baptist Church will begin on June 30 and run for two weeks. We will be assisted by the Field Worker, Rev. A. L. Strouder and his wife. All classes will be held at the school house and will run from 2 to 5 p. m. All children from 4 through 16 are urged to attend.

FARM NEWS

MORE REGISTERED DUROCS
Harold Helms, 4-H boy at Pine Level, has eight new pure bred duroc pigs 2 weeks old. Harold's gilt farrowed 10 pigs, one cutting his side open. He mashed one, then stepped on it, took him to the house and sewed him up and petted him but he died anyway, Harold said.

Lathan Nelson, also of Pine Level, is watching his high class gilt expectantly this week. He said he hoped that she had ten and that he could raise all of them. Lathan's gilt is one of the links in the pig chain now revised and in operation in the county.

MORE EGGS

For higher summer egg production, J. R. Speed, county agent, says to keep fresh cool water available to flocks, provide shade, have ventilated house, feed well use grazing, control parasites and sell hens that stop laying.

SOIL BUILDING

The State PMA office said this week that as of May 31, \$4,176,577, about 73 per cent of Alabama's allocation for soil building practices, had been obligated to farmers carrying out practices on 59,294 farms.

The more it rains the greater the need for poisoning to control the boll weevils.

CARD OF THANKS

To the many who rendered service or in any way showed concern during my recent serious illness. I want to extend my sincere thanks and deepest gratitude. The flowers, cards and every message received will ever be cherished in my memory.

Charlie Lunsford and Wife

Cheek Was for Two Cents
When Edwin H. Kaufman, city auditor at Decatur, Ind., got his military terminal leave pay check he had to smile. It was for two cents. A \$400 government bond completed the payment.

Wash Coffee Maker

To prevent a "stale" flavor in coffee, wash the coffee maker in hot suds and rinse it thoroughly after each use.

MR. G. W. SMITH

CELEBRATES BIRTHDAY
On June 22 a host of friends and relatives visited the home of G. A. Smith to celebrate his 63 birthday. They spent a joyful day visiting each other as well as with the Smiths. A noonday feast was spread and enjoyed by all.

Mrs. C. J. Fuller and son, Jack, of Newbern, Ala., is visiting in the homes of Mr. and Mrs. H. D. Tillman and Mr. and Mrs. F. A. Devane.

Socials

M-Sgt. and Mrs. W. A. Wagenbreth announce the arrival of a baby boy, whom they have named Kenneth Art, on the 16 of June at Gibson's hospital in Enterprise. Mrs. Wagenbreth is the former Mattie Lou Clark of this city. The Wagenbreths are currently residing in Houston, Texas, and will return there next month. They are presently guests of Mr. and Mrs. Elmore Clark.

Miss Grace and Ann Marler, of Ozark visited their parents, Mr. and Mrs. Johnnie Marler, this past week end.

Mr. and Mrs. J. T. Trimble and children, Sidney Cole and Sue, of Cullman, Ala., were recent guests of Mr. and Mrs. R. C. Perkins.

Frank Neal Jr., and Miss Evelyn Neal, of Knoxville, Tenn., are visiting their grandparents, Mr. and Mrs. F. D. Neal.

Mentone—It was estimated by a park official that at least 20,000 visitors viewed the vast display of rhododendrons during their two weeks splurge in De Soto State park. Visitors came from many states, and 5,000 came in one peak day.
